CAMPUS SOIR EXCHANGE STUDENTS [2021-2022]

International exchange students at Université de Nantes will have the opportunity to enroll in French Language support classes at **Institut de Français langue étrangère (i-FLE)** for the 1st semester, 2nd semester or during the entire year.

To benefit from this **free program**, students interested must apply via the **online application** : Under “ French Language Courses”, answer “yes” to the question “ Would you like to benefit from the French support classes?”. Students must also specify the period: 1st semester, 2nd semester or full academic year.

There will be no changes or withdrawals once the application is submitted.

Participating students will receive, at the beginning of each semester, a link for the placement test. Once this test is taken, staff at the Institut of French as a Foreign language – University Language Services (SUL) will notify students of language group levels and the starting date for classes.

Important! Exchange students enrolled in the DUEF French semester program at i-FLE cannot benefit from the French language support classes. Priority is given to exchange students enrolled in other faculties at the university.

PROGRAM

Classes will take place **twice a week** during **ten weeks** (each semester), usually from **6 pm to 8 pm**. Students will need to take a French Language proficiency test before the beginning of the program in order to be placed in group language **levels** (from A1 to C2).

The objectives of the language support program are defined by the principles of the Common European Framework of References for Languages (CEFR) : general and communication skills, task-based learning, language plurality and cultural awareness. Activities will depend on the language levels as well as on the students' needs.

- ✓ **Beginner:** to present and talk about one's self, background, likes, dislikes, find one's bearings, describe and talk about the past.
- ✓ **Intermediate:** describe and talk in the past tense, express one's preferences, explain choices.
- ✓ **Advanced:** express an opinion, present arguments and defend a point of view.

Students who choose to participate in the support classes will receive an **attendance certificate** at the end of the course with the number of hours taken and a written and oral grade. **Attendance is mandatory**. It is necessary to **take at least 30** out of the 40 hours of classes and **obtain an average passing grade** in written and oral evaluations. If these conditions are not fulfilled, the certificate will not be given.

The French Language level shown in the certificate corresponds to the group level.

Important! From September 2021, French courses will be available on the [online course catalogue...](#)
