Nantes Université offers international exchange students the opportunity to take French language support courses at the Institut de Français langue étrangère (i-FLE) for the 1st semester, 2nd semester or the whole academic year. (Exchange students enrolled in the DUEF French semester programme at i-FLE cannot benefit from the French language support classes).

To benefit from these free French language courses, **you have to answer 'yes'** to the question 'Would you like to benefit from a French language course' **in the online application for your exchange at Nantes Université**. You also need to specify the period for which you are requesting these courses: 1st semester, 2nd semester or the academic year. Please note that no changes, cancellations or enrolments will be possible once the online application has been submitted.

**PROGRAMME**

Classes take place **twice a week for 10 weeks** (each semester), generally from 6pm to 8pm. An email will be sent to you at the beginning of each semester to take a French language **proficiency test** so that you can be assigned to a level (A1 to C2).

The objectives of the Campus Soir language support programme are defined by the principles of the *Common European Framework of References for Languages (CEFR)*: general and communication skills, task-based learning, awareness of different languages and cultures.

- ✓ **Beginner**: introduce oneself, talk about oneself, one's environment, express one's interests, find one's way around, describe, talk about the past.
- ✓ **Intermediate**: remember, narrate in the past tense, describe, express preferences, explain choices.
- ✓ **Advanced**: express an opinion, use arguments to justify a point of view.

At the end of the semester, **4 ECTS may be awarded** (2 ECTS for the oral exam and 2 ECTS for the written exam), subject to obtaining at least 10/20 in the tests and attending at least 30 hours out of 40.
