

# Nantes Université

## Recognition of students with health conditions (long-term conditions) or disability circumstances

To facilitate your academic journey at Nantes Université, the Student Health Service (SSE) is here to support you.

Depending on your particular circumstances and identified needs, you may benefit from appropriate special arrangements such as:

- Adjustments to the pace of study (for example: spreading one year over two years, attendance exemption, etc.)
- Examination adjustments (for example: extra time for assessments, etc.)
- Support from the Disability Support Service (advice, assistance with obtaining lecture notes, academic tutoring, etc.)

**To benefit from these arrangements, don't wait.**

Register with our service now by returning the reply form below.

We will then advise you how to book an appointment with one of the university medical practitioners who can help you consider appropriate adjustments.

### REPLY FORM

SURNAME:.....

NAME:.....

ADDRESS: .....  
.....  
.....

EMAIL: .....

TELEPHONE:.....
